TeachingTrick

Description :

- When you play puzzle games, you will be rewarded with 20 points for every question. And for every wrong answer it reduces 5 points from your score. Based on your score, puzzle drizzle will give you remarks (like keep trying, come on, that's excellent). It makes user to get involved more into the game

- We use SSML to give engaging audio experience to the user. There will be some engaging music for every interesting puzzle or magic trick you go through. And also voices like Kendra, Brain, Joey, Justin were used to make the voices more natural.

Technical Stack used:

Python
(as backend)

Amazon Polly
and SSML
(For best voice
experience)

Dynamo DB
(For storage)
